2021

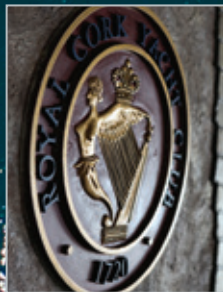

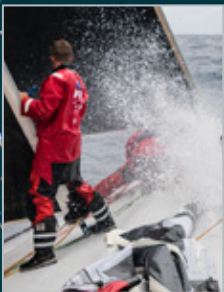

Est.  1937

Dubarry is a name that needs little introduction to those who sail.

For many years now it has been considered the benchmark for high performance, skilfully constructed, sailing footwear. Whilst we are proud of our past, we are still excited by the future and the challenge of producing the best, most innovative footwear and clothing, in which to set sail.

Here, on the west coast of Ireland, the ocean is never very far away from our lives. Despite the harsh Atlantic storms that have carved the coastline and landscape over millennia, our home in county Galway has always looked to the west for sustenance, livelihood and inspiration, and our creativity has been invigorated by the many exceptional sailors and craftspeople who live and work in our homeland.

aquatech

The Dubarry Aquatech Collection is an exciting and versatile new range of performance footwear, clothing and accessories that has been specifically designed for use across a wide variety of nautical environments. At the core of this collection are a number of key performance characteristics that bring many important benefits to the wearer.

The clothing collection contains many protective features ranging from UPF sun protection, wind and water resistance to highly breathable performance. There are many practical attributes such as anti-odour, moisture wicking, quick dry and even a hidden removable eyewear cleaning cloth on most styles.

Selected styles are designed to allow for personalisation, with space for embroidery or printing of boat, team or crew names.

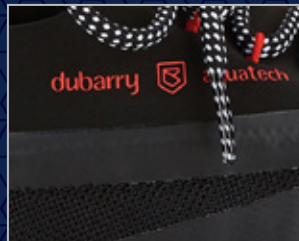

The footwear collection has all the key performance features that you would expect from Dubarry's heritage dating back to 1937. The NonSlip-NonMarking™ rubber outsole delivers sure-footedness on all deck surfaces and coupled with the lightweight EVA midsole offers exceptional underfoot comfort. Footbeds are removable with anti-odour and antimicrobial protection added to improve breathability. Waterproof performance is available on selected styles.

The complete collection is available in a wide range of colours and sizes and readily available from Dubarry and our Retail/Trade partners.

DUBARRY AQUATECH Footwear

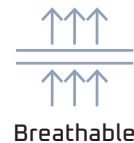

From high-performance technical trainers to classic hand-crafted deck shoes and flexible, lightweight sailing boots. Dubarry's Aquatech footwear delivers excellent breathability, ultimate comfort, full freedom of movement, long-lasting durability and uniquely reliable grip in a wide variety of styles that are engineered to enhance your natural agility.

Fastnet

Built for the ocean

Since introducing the very first GORE-TEX lined sailing boot almost three decades ago, Dubarry has continued to innovate. Our range of sailing boots feature supple and durable DryFast-DrySoft™ leathers, award-winning NonSlip-NonMarking™ outsoles and other high performance materials. Designed and tested on Ireland's wild Atlantic coast, our sailing boots continue to set the benchmark against which all others are judged, delivering the performance and quality demanded by the world's top sailors and crews.

GORE-TEX product technology for waterproof, breathable protection

Unique DryFast-DrySoft™ leathers for durability

Award-winning sole design with Formula 1 grip technology and unbeatable water dispersal

Crosshaven

Our top-of-the-range Crosshaven boot is engineered for ocean sailing with design input from professional round-the-world racers. It offers unrivalled technical performance with a unique combination of warmth, protection, comfort, grip and sure-footed agility. Hard-wearing, waterproof yet breathable, fully insulated and designed to be worn for days or even weeks on end in the most challenging conditions, this high performance gaitered boot is trusted by many of the world's most experienced sailors. Do an ocean crossing in Crosshaven boots and you'll understand why.

Make the Aquatech Collection part of your crew with embroidery and printing

Give your crew, team or workforce a confidence-boosting professional advantage with Dubarry's stylish and supremely comfortable Aquatech clothing, personalised with your own logo and lettering. Eminently suitable for crew kit and branded uniforms for business teams, all Dubarry Aquatech garments are extensively tested for heat-treated printing and logo stitching. Colour fast, durable and engineered for active use, the quality is a cut above the competition.

Our Aquatech Collection includes a wide range of versatile smart-casual jackets, fleeces, polos and shorts in classic women's, men's and unisex styles, with footwear and accessories to complement and complete the look. Dubarry gives you full control by supplying blank garments that your trusted local embroiderer or printer can finish to your own exact specifications.

Selected styles come with inner name tag

The Aquatech Collection is for multi-purpose use in a wide variety of environments across many water based activities.
